

Painting
½ Credit
1 Semester

Instructor: Ms. Michelle DeBoer

Text(s): none

Prerequisites: 2D Art

Course Description:

This course allows students to investigate the different media and techniques in painting. Students will improve their basic technical skills using different painting media. Through the different areas of painting, students will apply the concepts of the elements and principles of design. They will produce art in the areas of watercolor, acrylic, and printmaking. This course prepares students for the course of Independent Study in Art.

Course Content:

- a. Watercolor of mountains
- b. Acrylic painting of food still life
- c. Printmaking of animals
- d. Free choice of painting and subject matter
- e. Art presentation
- f. Critique

Course Format:

Material is presented through lecture, demonstration, skill labs, discussion, written work, and project labs.

Course Expectations:

The completion of all work to increase skill level and art knowledge of processes and terminology.

Grades:

Evaluation is based on written worksheets, written tests, skill labs, and projects.

Evaluation of projects are as follows:

- a. accuracy of following specific instructions and requirements of the assignments
- b. accuracy of skill
