

Hello everyone! Hard to believe it is that time of year again but parent teacher conferences are just a few weeks away! We will be using the same online program as we did last year for scheduling conferences, Power PTC. First you will want to be sure you have an existing PowerSchool Parent account.

1. If you need to create a PowerSchool Parent account, you may do so by clicking this link, https://ps1.morton709.org/public/create_multi_student_account.html? and following the instructions. You may call the HS main office to obtain your student's Access ID and password to complete account set up.
2. If you already have an existing Parent PowerSchool account and you set up your Power PTC account last year, you may go ahead begin scheduling your parent teacher conferences by logging in to your Parent PowerSchool account and clicking on this icon  in the upper right corner.
3. If you have a Parent PowerSchool account but do not have a Power PTC account you will be sent a separate email with your activation code to create a Power PTC account.
