

Introduce A Girl to Engineering Day -2018-

“EMBRACING THE STRANGER THINGS”

strange

strānj/

adjective

1. unusual or surprising in a way that is unsettling or hard to understand.
 2. **not previously visited, seen, or encountered; unfamiliar or alien.**
- synonyms: unfamiliar, unknown, new

Introduce A Girl to Engineering day is an annual event put on by the Society of Women Engineers. We invite high school girls to come to the UIUC campus for the day to explore what it means to be an Engineer at Illinois. This year we will be exploring the stranger things about engineering and learning more about the world we live in!

Register by October 20th, 2018

<https://forms.illinois.edu/sec/7671478>

October 27th, 2018 from 10am – 4pm
Siebel Center for Computer Science
(201 N Goodwin Ave, Urbana, IL 61801)

As an Engineer you have to be willing to get a little strange. You might not always be understood, your ideas may not always make sense, but this is what makes us great. Everyday Engineers dive into something new, we explore unfamiliar territory, and make the unknown become known. Can you embrace the Stranger Things?
